Insight Session

REGISTER HERE

Join us for our next Careers in Health & Social Care Insight Session, where we will hear about **"Real Journeys, Real Opportunities."**

Are you a student, graduate, or early-career professional looking to build a career in health and social care? 👩‍🎓

Join us for an inspiring online event **featuring leaders and practitioners from across health, care, and public services** as they share their career journeys, lessons learned, and **practical advice** for succeeding in the sector 💪

Whether you're considering a role in the NHS, social care, public health, leadership, management, or entrepreneurship, **this session will help you discover the wide range of opportunities available and gain valuable insights into developing your career** 🌟

Technology is transforming health and social care, but how can it be used to strengthen human connection rather than replace it?

Join **Louise Callin, Founder & CEO, ReelLife Conversations Ltd** for this practical Insight Session exploring **how digital tools can support reminiscence, engagement and person-centred dementia care** 🧑‍🦰🧓👱

Through **real-world examples and practical applications**, we'll examine **how technology can help care professionals create more meaningful conversations, personalised interactions and positive experiences for people living with dementia** 💪

Special Interest Group Meetings

The Institute has a number of Special Interest Groups (SIGs) available to members. These SIGs highlight particular themes and functions within Health & Social Care and meet to network and plan events and reports.

You can view our special interest groups here
